Dear Families

We live in a highly connected world and Australian children are spending more time online than ever before. Students' online experiences play a significant role in their social and emotional development and they need ongoing support to help them care for themselves and others in the online environment. Cyber safety education is essential for reducing the risks, building resilience and creating more positive online experiences. These skills and knowledge are explicitly taught from Reception to Year 6 and supported by the Australian Curriculum. Parents also play an important role in supporting positive and safe behaviour in the online world. Below are some simple steps and websites that offer practical and easy strategies, families can implement to support students' safe digital experiences.

Advice for parents and carers

- Keep the computer or device in an area of your home that can be supervised. And check in regularly with your child to see what they are viewing.
- Stay engaged with their online activity. Consider setting up your own accounts with the sites they use most so you can see how they work and understand the risks.
- Explore the online world with them to help establish that this is not just a solitary activity. Play games with them. Do a creative project together.
- Think about social media readiness. Most social media sites require users to be at least 13 years of age before they can register, although some sites are created especially for children under 13.
- Encourage respect and empathy. Teach them to avoid sharing or posting things that may upset others.
- Be aware of any social media posts that identify a student's school including their school uniform and school emblem or logo.
- Start building resilience. Teach your child that there are ways they can deal with material that worries or frightens them. This includes immediately telling you or another trusted adult of any concerns or uncomfortable material.
- Be clear about how much time they can spend online, the apps they can use, the websites they can visit and what they can share or post online.
- Ensure your own devices are protected by a password or pin, so your child cannot accidentally come across inappropriate content.
- Use parental control tools appropriate for the age and experience of your child. Be upfront and get your child on board. Let them know that these can be reviewed and changed as they get older and they continue to demonstrate responsible behaviour.

Listed below are sites that provide advice and resources for you to support your child. Please click in the hyperlink for further information.

eSmart	eSmart is where the smart, safe and responsible use of information and communications technology is a cultural norm. Students, teachers and the wider school community are equipped to embrace the best these technologies can offer, while being savvy about the pitfalls.
Cybersmart	Cybersmart is a national cybersafety and cybersecurity education program managed by the Australian Communications and Media Authority (ACMA), as

	part of the Australian Government's commitment to cybersafety . The program is specifically designed to meet the needs of its target audiences of children, young people, parents, teachers and library staff.
Screen Time	How much screen time for children? Screen time is the time you spend watching TV, using the computer, playing video or hand-held computer games, and using a mobile phone. A healthy family lifestyle includes limits on daily screen time.

eSafety	eSafety supports individuals and promotes online safety for all Australians. This includes providing information and tools to help manage online safety risks, and administering schemes to tackle serious online abuse targeted at an adult, cyberbullying material targeted at an Australian child, the non-consensual sharing of intimate images, and harmful online material.
Raising Children	Provides free, reliable, up-to-date and independent information to help your family grow and thrive together. Funded by the Australian Government, reviewed by experts. Designed for busy families and full of tips and tricks for you to try, our content is easy to find and easy to digest. Articles, videos and interactive resources are tailored to different ages and stages, from nurturing a newborn to raising a confident, resilient teen.

One App that many children may use or ask parents to access is TIKTOK. Below is information that may be helpful.

TikTok

You must be over 13 years of age to use TikTok. Some of the videos on TikTok may contain explicit language and sexual imagery, which may not be suitable for your child to view and there is also the risk of strangers contacting your child. If your child is using TikTok

then make sure the appropriate security/privacy settings are on.

It is recommended to set the account as private (this is the default setting for users under 16 since Jan 2021). Even with a private account, your child's profile information such as their photo are still visible so ensure your child understands the importance of not adding personal information (e.g. location, age and phone numbers) to this area. This article explains how you can strengthen your privacy settings and what features are turned off by default for accounts for children aged 13 – 15:

<https://newsroom.tiktok.com/enus/strengthening-privacy-and-safety-foryouth>

Family Pairing

This allows you to link your own account to your child's account. You can then set controls such as restricted mode (limit the appearance of inappropriate content) and screen time management. You can find out more here: <https://www.tiktok.com/safety/en/guardians-guide/>

Blocking and Reporting

Ensure your child knows how to use these features. **Bullying on TikTok** Make sure your child knows that help is always available. This article makes suggestions on appropriate settings as well as how to deal with bullying: <https://www.tiktok.com/safety/ensg/bullying-prevention/>

Instrumental & Choir Recital

Catholic Identity

Feast of the Assumption

We have had several significant feasts after each other recently. Last week we had a celebration for the Feast Day of Mary MacKillop and this week, Monday 15th August was the feast of the Assumption. This is an important day for Catholics as we believe Mary, mother of Jesus, though fully human, was assumed body and soul into heaven. Mary is the perfect example of true discipleship as she lived her life out of a deep love for God and at the end of her earthly life, she was taken up into heaven to be with her son, Jesus. Therefore, Mary's example gives Catholics hope as followers of Jesus that at the end of our earthly life we will be united with God in heaven too.

Sacramental Program

The celebration of the Sacraments of Confirmation and Holy Communion will be taking place on Sunday the 28th August at 10:00am.

In preparation for this, there will be practice held in St John the Baptist Church at 6.00pm on Wednesday 24th August.

The evening will begin with Reconciliation followed by a rehearsal of the Confirmation/First Communion Service. Sponsors/proxies of the children are encouraged to participate in the practise but are not obliged to attend.

The Theme for this year's Book Week is *"Dreaming with eyes open..."*.

We begin our whole school Book Week celebrations with a performance by Perform! Education titled "Story Quest". The performance took place on Wednesday 17th August at 1.40pm and was for all students Reception to Year 6.

On Thursday 18th August, we have an Indigenous Art session with the Year 5 & 6 classes to create a canvas celebrating Indigenous art which will be displayed in the library during Book Week.

The Reception, Year 1, 2 & 4 classes have been provided with indigenous art activities which they have enjoyed doing in class. These will also be displayed in the school library.

Monday 22nd August the Year 3 classes will be having a Book Tasting hosted by Rebecca Bird from Pegi Williams Bookshop.

On Tuesday 23rd August there will be a Book Week Parade at 9.00am on the courts (weather permitting). Parents are welcome to attend. Students are encouraged to come to school dressed as a favourite book character or in the theme of *"Dreaming with eyes open...."*

Throughout the whole of Book Week, classes will be focussed on the shortlisted Book Week books, authors and illustrators and be involved in various activities.

Many thanks in advance for your efforts in helping children with a costume to wear on Tuesday 23rd August. Simple outfits are fine.
